

---

As GUNAA President, I will bring transparency, accountability and results in a way that exemplify excellence, grows the membership, and enhances our brand. Focus will remain on what's best for the student and GSU's longevity. We will improve our systems and national and chapter processes using technology. We will become best in class among alumni associations to include endowment growth.

I'm a Senior Director at Microsoft, Inc. with 30+ years of corporate experience. I'm also a servant leader known for high energy, passion, and integrity. I'm a GSU Fall '91 Summa Cum Laude, all-SWAC student-athlete with dual bachelor's degrees in Accounting and Computer Information Systems. My master's degree is in Business Administration from Tulane University, and currently I'm pursuing my PhD at Union Institute and University- 80% done- ABD.

My husband, Derrick (GSU '92), and I have two college-aged sons: Diarra and Taaj. I enjoy spending time with family and friends, sports, worshipping God, reading, and volunteering. I'm a leader in my church and sorority (AKA). My motto, "to whom much is given, much is required" helps to guide my purpose driven life.

I continuously give back to GSU to include hiring of alum while at P&G and Microsoft, donating laptops to students, obtaining Microsoft's sponsorship for the Bayou Classic, visiting GSU classrooms, keynote GSU speaking engagements, conducting tech workshops to benefit GSU, leading in my local chapter(s), recruiting and mentoring GSU students, partnering with Dean(s), financially supporting GSU, speaking as an HBCU advocate on a national stage, etc.
